Blue Devils Meet Seacrest Tonight

The Pahokee High Blue Devils, after five out-of-town engagements, all but one unsuccessful, will finally be at home again this Friday night when they will be host to the Seacrest Seahawks on Lair Field, this being the last home game of the current season.

The Seahawks, with a 6-2-0 record to date, are having one of their most successful seasons in recent years. In Suncoast Conference competition they have defeated both Clewiston and Belle Glade, while the Blue Devils (2-6-0) are still hungering for their first win within the league. Coach Webb Pell's men have had little trouble in downing the Seahawks in the past few years but this time it is going to be different—it looks to be a very even contest.

At Vero Beach last Friday night the Blue Devils were hard put trying to contain the rambunctious Indians who kept breaking through the Pahokee defenses, romping to a 39-6 victory. Pahokee's only score came in the second quarter when Joe Alderman broke loose for a 47-yard TD sprint.

The Blue Devils, with an open date next week, will have plenty of time to prepare for their final game, the traditional Thanksgiving Eve contest with the Belle Glade Golden Rams for the Lions Club Bill Young Memorial Trophy to be played at Belle Glade Wednesday night, Nov. 25.

Juniors Will Give Class Play In Dec.

The Pahokee High School Junior Class will present its annual class play in the high school auditorium Thursday and Friday nights, Dec. 10 and 11. This year's play, "The Boarding House Reach," a three-act comedy by Donald Payton, is being directed by Robert Hoffman, with rehearsals each night at 7 o'clock.

The cast includes Nellie Mae Yeomans, Jeff Barwick, Lamar Williams, Glenda Sears, Brenda Unwin, Gary Folds, Joanne Todd, Ila Mae Smith, Bob Flowers, Joyce Brown, Curtis Russon, Sandra Lampi, Michael Wilson, Elizabeth Humphries, Carolyn Sellers and Eddie Crews.

Turkey Shoot Be Held Nov. 20, 21, 23, 24

The Canal Point Lions at their weekly dinner meeting in the Community Building Monday night discussed plans for their annual Thanksgiving Turkey Shoot which is to be held the afternoons of Nov. 20, 21, 23, 24 and also Nov. 25 if any of the 45 turkeys are yet to be won on that date. The club is still planning to have its shoot in the field at the rear of Pope Sears' service station. H. H. Sears is chairman of the committee in charge of arrangements.

Country Store Is Cub Scout Theme

"Country Store and Thanksgiving" was announced as the theme for November of Pahokee Cub Scout Pack 623 at the monthly meeting of the pack held in the social hall of the First Methodist Church with Cubmaster J. L. Tyson, Jr. presiding. The honor flag was won by Den 4; the good conduct flag by Den 3 and the awards plaque by Den 4. Arrow and pin awards, earned during the past month, were presented to Bill Howard, Bruce Myers, Randy Laks, Billy Weathers, Hank Tucker, Eugene Reed, Steve Lane, Larry Waits and Jimmy Wilson.

Pay Boost Comes County Employees

Christmas will be coming early for about 60 percent of the county's employees with \$80,000 worth of pay raises slated to start this month. The pay boosts, according to Commissioner Roy Michael, who heads the county commission's personnel committee, will effect more than 300 employees. He said the next year the pay of about 33 percent more employees will be adjusted.

The pay increases are the result of a detailed wage study conducted by the committee and which showed that about 93 percent of the commission's employees were underpaid in accordance with wage levels of other agencies in the area.

Results of the study, Michael said, will put all employees on a wage system which will describe type of job and compensation for all except summer student employees and retired residents working for the county.

The change in pay scale, Michael said, will result in no wage reductions for any worker.

The sixty percent who are scheduled to receive the increase, the personnel chairman said, are those whose wages are most out of line. The current budget would only take care of wage boosts for the 300 workers.

Funeral Services Rudolph Geiger

Funeral services for Rudolph Geiger, 52, son of Mr. J. K. Royetown of Canal Point, were held at the Baptist Church in Fort Lauderdale Tuesday at 11 a. m. Mr. Geiger, a resident of Fort Lauderdale, died in that city Saturday after a long illness.

Among those from this area who attended the services were Pope Sears, Harlan Sears, Mrs. J. H. Miller, W. P. Pope, Mrs. H. L. Sears, Mr. and Mrs. A. L. (Jack) Pope, Mrs. A. J. Lowery, Mrs. J. H. Blair, John Pope, Mrs. Z. A. Geiger and daughter, Peggy.

Migrant Officials Study Problems

Working toward a program for betterment of migrant workers' conditions in Florida and all along the Atlantic Seaboard, a group of interested officials visited the Lake Okechobee Farming Region on Tuesday of this week and saw first hand the problems that arise when thousands of migrants come into an area annually to harvest the perishable crops.

Members of the "Council of State Governments Committee of Officials on Migratory Labor of the Atlantic Seaboard States" comprised the visiting group and their study of local conditions may help in the future to improve conditions as they exist today. On Tuesday the group visited the labor camps in the Glades and attended a luncheon at the nursery school at the Osceola Migratory Camp in Belle Glade. State Rep. Emmett S. Roberts, a member of the Florida Legislative Council for Study of Migrant Labor, was the official host and a word of welcome was extended by County Commissioner Vice Chairman Paul Rardin.

On Tuesday night a study panel was convened following a dinner at the George Washington Hotel in West Palm Beach. For the evening's program, Commissioner Rardin was master of ceremonies and (continued on page 8)

Hearing Today On Glades Bus Service

JACKSONVILLE—More than 75 witnesses from cities and communities throughout east and central Florida will have been called this week to testify during four-day hearings being held here on a petition by Tamiami Trailways to operate a new interstate bus service between Miami and New York.

Appearing today from the Lake Region are: Mayor Paul Davidson of Belle Glade, Mayor F. S. Parrish of Pahokee, City Attorney Ralph Johnson of Pahokee and Everglades News Publisher Paul Rardin of Canal Point.

The Florida Commission has already granted the Trailways system authority to carry intrastate passengers over proposed routes between Jacksonville and Miami, and between Jacksonville and Gainesville. Trailways proposes to operate four through, no-change schedules from Miami to New York via Jacksonville.

Mail Delivery Is Available Pahokee

Pahokee residents who have not yet availed themselves to the city mail delivery service may do so immediately, if they have installed a street number and mail box, simply by filling out a card at the post office, according to Postmaster Edward A. Jensen. Even if a box is retained at the office the portion of the mail bearing the street address will be delivered to home. If everyone gave his street address at the postoffice for mail delivery service it would expedite the movement of mail, especially during rush seasons such as Christmas time, Mr. Jensen said.

South Bay Road Job Proceeds Slowly

The county commission this week turned to top officials of the State Road Department in an effort to speed up completion of construction at the intersections of State Roads 27 and 80 at South Bay.

County Commissioner Paul Rardin, who presented a letter from South Bay authorities calling attention to a delay in completion of the work, said the project got underway last January with 125 working days to finish the job. The letter pointed out that 289 days have already gone by and the intersection is still unfinished.

Rardin took the Chastain Construction Company of Miami to task telling the commission "it will soon be a year they have been piddling around out there."

He said rains have delayed the job but that on days when work could be done, the contractor had only a limited amount of equipment on the job.

"Everybody's patience is worn thin," Rardin declared. He said efforts had been made to step up the project through the State Road Department office at Fort Lauderdale—efforts which had been unavailable.

Rardin won support of the commission to send the South Bay letter direct to Tallahassee in an effort to get the project completed.

The Junior Chamber of Commerce, in cooperation with the Pahokee Police Department and the Florida Highway Patrol, conducted the first half of its annual automobile safety check in Pahokee Saturday and will complete the safety inspection of cars in this area Saturday, Nov. 14. Mr. and Mrs. R. G. Wagner of Lake Worth were guests Sunday of Mr. and Mrs. W. W. White in Canal Point.

PTA Halloween In Pahokee Nets \$469

Wilkinson, Jr., chairman, at the November meeting of PTA held in the high school auditorium Monday night with W. O. (Bill) Moss, president, presiding. The carnival is PTA's principal fundraising project of the school year.

It was announced a PTA study class will be conducted the week of Feb. 1-5, Dr. Douglas Brown to be the lecturer.

The attendance awards for the month went to Mrs. Edna Maxson's first grade room at the elementary school and Norma Norman's eighth grade at the high school.

Pahokee Girl Scout Troop 38 was in charge of the opening flag ceremony and led in the group singing of "America." The Rev. Charles D. Stewart of Canal Point gave the devotionals, using "Cooperation" as its theme.

Berman Austin, principal of the Elementary School, spoke on the teaching methods being used in his school. Following his talk an open house was held at the school, where the work of the students was on display at the various subject tables and the teachers were present to discuss with parents the work of the children.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county Commission this week took the first step for setting up a multi-million dollar road building program for Palm Beach County.

The commission agreed to find out from the State Development Commission, how much money could be made available from a bond issue backed by gasoline taxes. Estimates were that from \$3 to \$8 million might be available for road construction.

The board is now in the final stages of paying off a similar bond issue which was used for financing construction of a number of roads and bridges through out the county.

The commission also took steps to set up a priority for road projects, following the recently completed origin and destination survey.

In another action, the commission authorized the firm of Sullivan & Associates to prepare an

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 6 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save, because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank! It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Red Tide Abates On The West Coast

ST. PETERSBURG — A recent aerial survey of Florida's West Coast failed to turn up a single sign of the fish-killing red tide or any of its victims.

The St. Petersburg marine laboratory of the Department of Conservation reported no dead fish or discolored water. The recent cool temperatures and spells of choppy water seem to have spelled doom to the fish-killer.

Red tide is caused when a micro-organism multiplies by the billions and kills fish with its poison. The last outbreak, which colored the water red, cropped up Oct. 1.

Mr. and Mrs. John D. Rogers spent the weekend in Miami where they visited her mother, Mrs. Sallie Young, who has been a patient at Jackson Memorial Hospital.

Christian Science Group Of Canal Point

Mankind's need of spiritual regeneration and renewal will be brought out at Christian Science services Sunday.

Readings from the Bible will include the Apostle Paul's exhortation to the Colossians: "Lie not one to another, seeing that ye have put off the old man with his deeds; And have put on the new man, which is renewed in knowledge after the image of him that created him" (3:9, 10).

A correlative citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "By putting 'off the old man with his deeds,' mortals 'put on immortality'" (262:7).

The Golden Text is from Romans (8:8, 9): "They that are in the flesh cannot please God. But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you."

Hearing Today On—

(continued from page 1)
Executive Director of the Clay County Development Authority, testifying on behalf of the Trailways application, said that the citizens of rapidly expanding Clay County need more through transportation beyond Jacksonville. He cited housing developments near Orange Park and in the Keystone Heights and Middleburg areas as evidence of the county's growing population and need for bus service.

Testimony brought out the fact that the new route if granted would save Florida-bound Trailways bus passengers more than six hours and 200 miles coming from northern points. It is the aim of Trailways to continue to reduce traveling time and bus changes whenever possible, according to company witnesses.

Claude A. Jessup, National Trailways board chairman, pointed out that the Trailways system was organized to compete with other large bus operations, and to seek in every way to provide the best possible service. He noted joint safety, purchasing, advertising and passenger interchange activities of his association as a means of pooling the resources of some 44 independent Trailways companies to provide through bus service to the public on a large scale.

"In order to compete we offer at least the same service and often better service," Mr. Jessup declared.

County To Review Tractor Bid Calls

The county commission this week ordered that specifications for tractors to be purchased by the county, be reviewed and changed.

Their action came after E. V. Faircloth, a West Palm Beach equipment dealer charged he was unable to bid on the tractors because the specifications were written in such a way that only one particular dealer could meet the specs.

The commission heard County Engineer Steve Middleton report that the purchasing department will call in factory representatives and local dealers to make suggestions about rewriting specifications.

In other actions this week the commission:

Voted to start making improvements at the Glades Airport which will include a shop, small terminal and administrative headquarters.

Voted to join the Southern Building Code Congress.

Instructed the board attorney, engineer and comptroller to make arrangements to purchase 50 voting machines for the county.

Named Richard Pilger as statistician for the county's new "data depot" established to encourage new industry to locate in the county.

Appropriated \$250 to help stage a West Palm Beach golf tournament.

Heard that the Armstrong Cork Company will replace a floor in the Glades Office Building at no expense to the county.

Bacom Point Limit To Remain Same

The recommendation of the State Road Department that the speed limit on Bacom Point Road (SR 715) within the city limits of Pahokee be increased 10 miles per hour, from 35 to 45 miles, was again found to be unacceptable to the City Council at the regular meeting Monday night. After a careful study of the recommendation the Council decided that, since this residential street borders two city parks, one containing a playground and swimming pool, and is thickly populated with children who ride back and forth to school on bicycles, it would not be in the best interest of public safety to increase the speed limit to 45 mph. This is the second time the Council has turned down a request by SRD to increase the speed limit on this street which is subject to heavy truck traffic.

Opened at the meeting were bids for the purchase of a used bulldozer and a used crawler tractor. The single bid for the bulldozer, submitted by Richardson Tractor Company of Fort Lauderdale, was rejected and it was voted to readvertise for bids for the purchase of a new bulldozer. The two bids for the crawler tractor were tabled for study.
